Burlington, ON, April 13, 2006 – Questica’s Chairman Dennis Parass Receives (Central Region) Gold Award!

Dennis Parass, Chairman of Questica has received the 2005 Ontario Global Traders Gold Award in the Leadership category for the Central Ontario Region. The ceremony was held last week in Barrie, Ontario.

“I am honored to have been presented with this award” says Parass. “I strongly believe that to sustain and improve our high quality of life in Canada we need to excel in trading with other countries. Our country is blessed with unmatched geographic advantages but it is the unique qualities of our people that ensure our success at exporting. I have had the privilege of not only leading our company in this arena but also have been available to encourage other companies and individuals to pursue their opportunities in the world market.”

The top exporters from this event, plus the regional gold winners from eastern, southwest and northern Ontario, will compete for provincial honours in Toronto on May 31, 2006.

The Ontario Global Traders Awards are the province’s premier export recognition program. First introduced in 1998, the Awards recognize the outstanding export achievements of the most innovative and successful small and medium-sized enterprises, leaders and students in Ontario. The Awards are coordinated by Ontario Exports Inc., the Government of Ontario’s export development agency with support from their partners in trade.

“We congratulate Dennis on his achievement and are honored to have such a distinguished business professional as Chairman of our company.” says Questica’s president, TJ Parass.
